IOSH VIRTUAL OPEN COURSES

 GALLAGHER BASSETT

## IOSH APPROVED MANAGING SAFELY®

IOSH Managing Safely® is a practical, internationally recognised course designed to give managers and supervisors the essential skills to manage health and safety within their teams. Delivered virtually over three and a half days, it offers flexible access to accredited training without the need for a physical venue, ideal for balancing learning with day-to-day responsibilities.

Open to individuals from any organisation, this course is perfect for those who may not have the numbers for an in-house session but still need timely access to training. The virtual format supports interactive, bite-sized learning in a safe and engaging environment, making it especially suitable for newly appointed or recently promoted managers. All admin is handled by our team, participants simply need a PC with internet, camera, and microphone.

## WHAT TO EXPECT

The course covers seven key modules that build a comprehensive understanding of health and safety management:

- Introduction to Managing Safely
- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance

Delegates complete a formal assessment and a workplace-based risk assessment project to demonstrate their learning.

## THE ASSESSMENT

Delegates complete a multiple-choice assessment and a practical risk assessment project. Successful completion leads to an IOSH Managing Safely® certificate.

## COST DETAILS

**£395 + VAT per person**, including:

- 3.5 days of virtual training
- Structured course materials
- Assessment and certification
- Tutor support throughout

## COURSE DATES & DURATION

The IOSH Managing Safely® course has a start and end time of 09:00 – 16:00 daily.

## WHY CHOOSE US

As an IOSH-approved provider, our Risk Control team delivers high-quality training with a focus on practical outcomes. Our virtual format ensures accessibility and flexibility, while maintaining personal engagement with expert tutors.

## IOSH MANAGING SAFELY REFRESHER®

This one-day virtual course is designed for managers and supervisors who have previously completed the IOSH Managing Safely® qualification within the last three years. It provides a practical and engaging opportunity to refresh key health and safety concepts and reinforce the importance of proactive safety leadership.

Ideal for those looking to maintain their certification and stay up to date with current best practices, this course supports the development of a strong safety culture and ensures continued compliance.

### WHAT TO EXPECT

The course revisits essential health and safety principles and introduces updated guidance and strategies for effective safety management. Key topics include:

Refresher on core health and safety terminology  
Leadership and developing a positive safety culture  
Safety and health management systems  
Planning, implementing, monitoring, and improving safety performance

Delegates will reflect on their responsibilities and explore practical ways to apply refreshed knowledge in their workplace.

## THE ASSESSMENT

There is no formal assessment for this course. Delegates are encouraged to participate actively and apply the learning to their own operational context.

### COST DETAILS

**£175 + VAT per person**, including:

- One full day of virtual training
- Structured course materials
- Interactive group discussions

### COURSE DATES & DURATION

# IOSH MANAGING OCCUPATIONAL HEALTH AND WELLBEING®

This one-day virtual course is designed to help managers and team leaders understand how to support the health and wellbeing of their teams. Approved by IOSH, it provides practical tools and strategies to manage health risks, promote wellbeing, and foster a healthier workplace culture.

Ideal for anyone with direct responsibility for others, this course complements traditional health and safety training and empowers managers to make a positive impact on employee wellbeing.

## WHAT TO EXPECT

The course covers key areas of occupational health and wellbeing, including:

- The business case for managing health and wellbeing
- Health risk management and conducting health risk assessments
- Fitness for work and managing fluctuations in health status
- Promoting wellbeing programmes and their organisational value

Delegates will gain confidence in recognising and responding to health-related issues in the workplace.

## THE ASSESSMENT

Delegates complete a short end-of-course assessment and a practical health risk assessment project. Successful completion leads to an IOSH certificate.

## COST DETAILS

**£175 + VAT per person**, including:

- One full day of virtual training
- Structured course materials
- Assessment and certification

## COURSE DATES & DURATION

The IOSH Managing Occupational Health and Wellbeing® course has a start and end time of 09:00 – 16:00.
